Phone: 02 9631 6000 Fax 02 9688 4679

Dear Sirs,

I would like to express our gratitude for your help and cooperation for the Crash Lab project we have commissioned at NeuRA (Neuroscience institute Australia), on April 2017.

C-MAC team, and especially Mr Steve Gryak, has been really proactive and flexible in the approach to the project, supporting us in all the phase, since tender phase, along with local manufacturing and sourcing; until on-site installation.

Because of the satisfactory cooperation in this project, we consider C-MAC a key engineering partner for our future projects in Australia.

Shall you need additional information on this project; do not hesitate to contact us.

Best regards;

David Galindo
Operations manager. Industrial division
